Treasure chest

14 pieces | 7 steps

A brown treasure chest with a gold band, a hidden treasure and a lift-off curved lid. Open it, hide a clue and send someone on a treasure hunt.

Before you build

Find the right shape

Match the shape, size and colour to the parts pictures. A stud is a round bump on top. Count rows and columns from one edge.

Follow the pictures

New pieces keep their full colour. Earlier pieces are lighter. Keep the front of the model facing you unless a step says to turn it.

Build and play together

Gather all the pieces first, then take each step at your own pace. Help your child press pieces together and lift removable parts gently.

Gather pieces

Colours show the pictured version. Cream represents Tan and brown represents Reddish Brown. Match shapes and quantities first; other colour choices have not been checked for this edition.

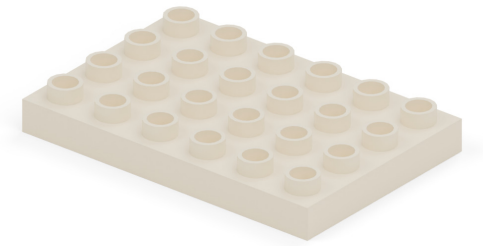
The eight narrow wall bricks are 1 × 2 double-height bricks.

Build

Step 1 of 7

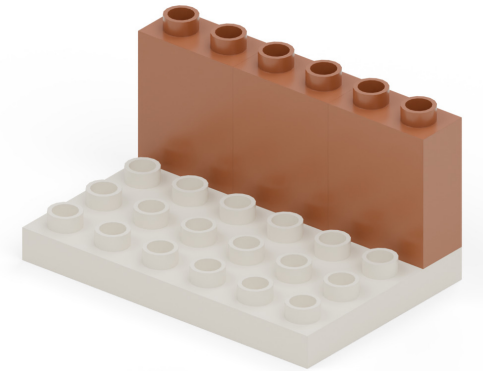
1 × cream 4 × 6 plate



Lay the cream 4 × 6 plate across the table, with the six-stud edge nearest you.

Step 2 of 7

3 × brown 1 × 2 double-height wall brick

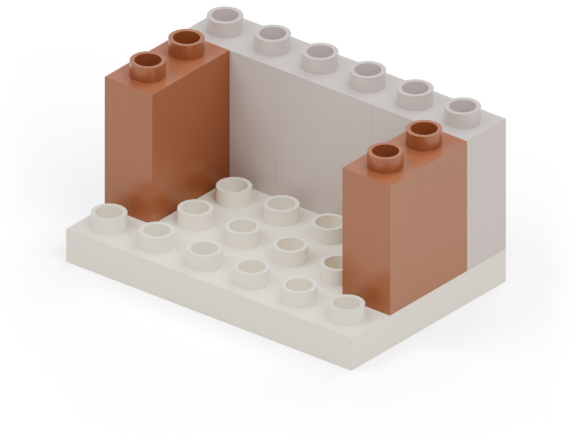


Build the far wall with three brown narrow, double-height wall bricks. Turn them across the plate, end to end along the far edge.

Build

Step 3 of 7

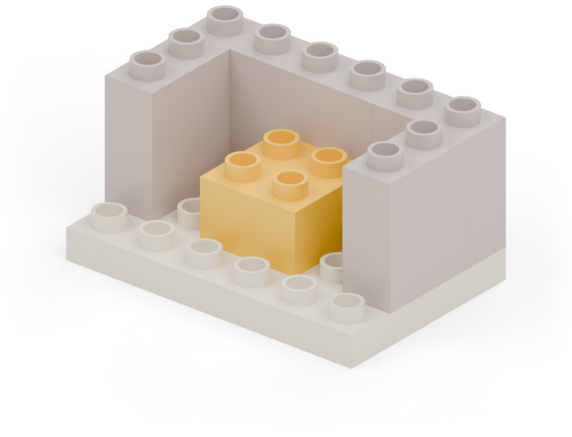
2 × brown 1 × 2 double-height wall brick



Put a brown wall brick along each short edge between the corners. Leave the middle open.

Step 4 of 7

1 × yellow 2 × 2 brick

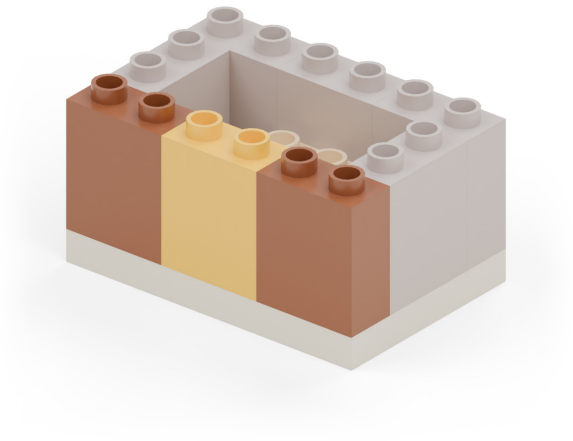


Place the yellow square brick on the floor in the middle. This is the treasure. There is room to lift it out when the chest is open.

Build

Step 5 of 7

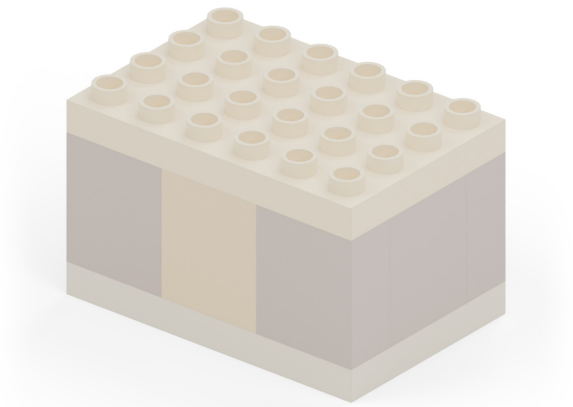
2 × brown 1 × 2 double-height wall brick; 1 × yellow 1 × 2 double-height wall brick



Finish the near wall with three wall bricks: brown, yellow, brown. The yellow one is the pretend clasp.

Step 6 of 7

1 × cream 4 × 6 plate

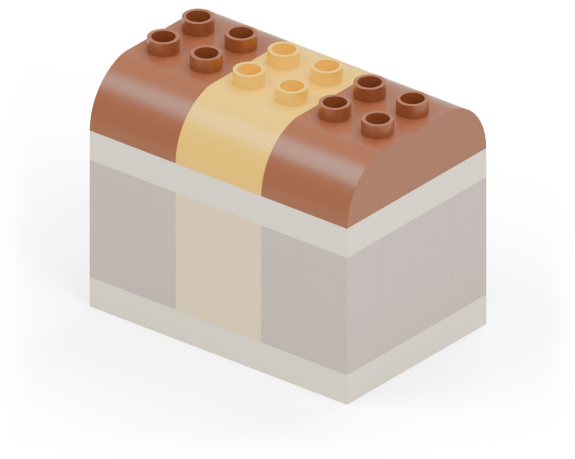


Close the chest with the second cream 4 × 6 plate. Line it up with the floor and press it onto the wall tops.

Build

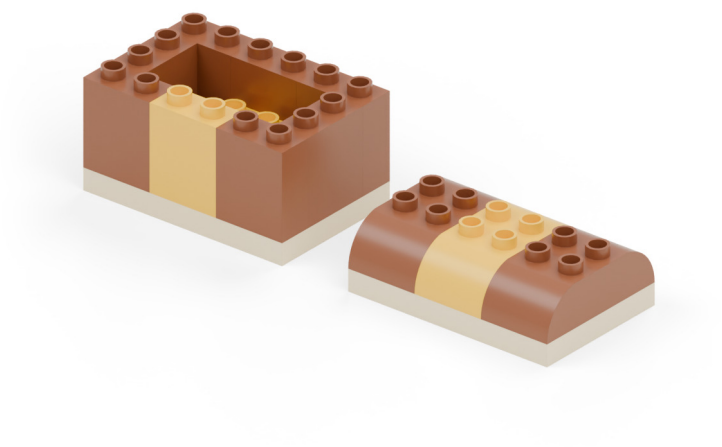
Step 7 of 7

2 × brown 2 × 4 double-curved brick; 1 × yellow 2 × 4 double-curved brick



Add three double-curved bricks side by side: brown, yellow, brown. Run their four-stud lengths from back to front. The yellow stripe lines up with the clasp.

Ready to play



Lift the complete lid off and set it beside the chest to reach the treasure.

1. Hide the yellow treasure, close the chest and let someone discover it.
2. Fold a paper clue to fit inside. Make a short trail across a paper island.
3. Take turns being the treasure keeper and the treasure hunter.

The lid lifts off; it does not hinge. Ease the plate off the rim with an adult.

The eight narrow wall bricks are 1 × 2 double-height bricks.
